We are the Pakuranga Hunt, we are landowners the Waikato catchment. We are planning to develop the farm for our members to ride around and continue running it as a dry stock farm, currently we carry dry stock and horses. Over the last two years since we have owned the farm we have planted extensive areas with natives trees and plan to develop wetlands and lake areas in the future.

Submission

1. I have reviewed Waikato Regional Council's Proposed Healthy Rivers/Wai Ora Plan Change 1 (PPC1) and **oppose** the Plan Change in its current form. We feel that the proposed changes will unfairly affect our ability to develop the property for our members into the future.

I am not a trade competitor for the purposes of the submission but the proposed plan has a direct impact on my ability to farm. If changes sought in the plan are adopted they may impact on others but I am not in direct trade competition with them.
