I can't believe all the hype about your *Healthy Rivers: Proposed Waikato Regional Plan Change 1*.

In your last handout, you said that people had been telling you for two decades that they wanted water quality dealt with. Can you please tell me why it took you two decades to act??? It is absolutely ridiculous. In those two decades the water quality has got worse and worse, and what have you been doing about it? NOTHING.

And now we are told it is the first step on an 80 year journey. YOU SHOULD BE ASHAMED OF YOURSELVES, THAT YOU HAVE LET THE STATE OF THE RIVERS SINK TO SUCH A LEVEL THAT IT WILL TAKE 80 YEARS TO DEAL WITH THE PROBLEM.

For goodness sake, just get on with it, and give an apology to all the people who have been paying rates to you for all these years while you have done NOTHING.

I am angry.

Hello

I sent the below submission on your Healthy Rivers document and have had no acknowledgement. Can you please confirm you received this submission.

I can't believe all the hype about your *Healthy Rivers: Proposed Waikato Regional Plan Change 1*.

In your last handout, you said that people had been telling you for two decades that they wanted water quality dealt with. Can you please tell me why it took you two decades to act??? It is absolutely ridiculous. In those two decades the water quality has got worse and worse, and what have you been doing about it? NOTHING.

For goodness sake, just get on with it, and give an apology to all the people who have been paying rates to you for all these years while you have done NOTHING.

I am attaching the mandatory questions form for my submission on the Healthy Rivers plan.

While I have selected that I am not directly (*I assume you mean individually*) affected by an effect of the subject matter of the submission, in fact **I AM**, in that the rivers which flow through our country directly affect me if they are not healthy - because I can't swim in them, they are in a disgusting state, the Waikato Regional Council has not been spending my tax dollars to keep the rivers healthy for the citizens of Waikato region and New Zealand. And now it is going to be 80 years to undo this lack of stewardship. You have not been listening to your constituents. **Shame on you.**
