Additional sheet to assist in making a submission

Section number of the Plan Change	Support /Oppose	Submission	Decision sought
Please refer to title and page numbers used in the plan change document	Indicate whether you support or oppose the provision.	State in summary the nature of your submission and the reasons for it.	State clearly the decision and/or suggested changes you want Council to make on the provision.
Background & explanation	<p>Support that what needs to be achieved will be 'intergenerational'</p> <p>Change 'on-farm' actions to 'land-based' actions.</p>	<p>I support a staged approach to achieving reductions in contaminant discharges. Farmers and communities need time to adjust to the proposed changes. Rural communities can be 'fragile' we want them to still be viable, prosper economically & socially and be in a position to enjoy the benefits of good water quality. Communities are more likely to stay intact and resilient and this will enable further plan reviews to be smoother.</p>	<p>Staged approach</p> <p>All contributors to the contamination of water quality should be required to take action through a 'sector neutral' approach</p>
Policy 2 page 30 'e'	Clarification sought	Would like clarification of the definition of a 'suitably qualified and experienced people' so that there will be consistency.	Clarification of the definition of 'suitably qualified person'. What qualifications and experience will be required to ensure consistency . Farm Environment Plans are an important part of the process to recognise on farm mitigations already achieved and help tailor solutions for individual properties.
